

THE CITY.

Turkish baths 75 cents at the nataratorium. Ladies and gentlemen.

The regular monthly meeting of the Milkmen's association will be held at Wolf's hall this evening.

A number of new tin pot boxes will be needed at the forthcoming election and County Clerk O'Malley is arranging to have them made.

The docket of the United States court for the November term has been put in the hands of the printer and will be ready for distribution early next week.

James Stephenson Thursday discharged one of his men who had refused to register and claimed he had no interest in the election and did not care to vote. Stephenson says he has no use for a man who will not exercise the privileges of his citizenship.

Prof. Rexford engaged in a quarrel with Mrs. Morrell, wife of Morrell, the tailor, in the old Planter's house yesterday and dropped in the face. Morrell came in soon after and attacked Rexford. They were both arrested and taken to police court, where the details of the trouble were recited.

Peter P., the three-year-old son of C. H. Fisher, one of the best known passenger engineers in the employ of the Union Pacific, died of pneumonia Thursday afternoon at the family residence, corner of Fourth and Bancroft streets. The funeral took place yesterday afternoon. Interment at Forest Lawn.

The revelry suit brought by Jimmy Lindsay to recover the \$100 stake money put up with Ezra P. Savage to guarantee the fight with John Wilkes, did not bring forth any gold. The papers were served but not a cent was found. Lindsay has now commenced a civil suit that will come on for hearing before Justice Morrison next Monday.

Ed Neal, the condemned murderer, continues to receive superb baskets of fruit and sumptuous dinners from his demi-monde love. A particularly big feast has been promised him from the same source for today, the day upon which he was to be hung. But the fellow is growing thinner, paler and more hollow-eyed every day. He doesn't feel so sure of favorable news from the supreme court as he did. The ground for his scaffold has been all stacked off.

Hood's Sarsaparilla has a steadily increasing popularity, which can only be won by an article of real merit.

PROHIBITION IN KANSAS.

It is Working Incalculable Injury to the State.

Mr. F. F. Franco, one of the oldest settlers of Lincoln county, Kansas, arrived in the city yesterday morning with his invalid daughter, who will be treated here.

Mr. Franco is a farmer and also deals in stock and grain. His postoffice address is Sylvan Grove. In order to secure facts from a temperate gentleman whose whole interests are in the state of Kansas, a reporter for this paper interviewed Mr. Franco.

"While I am not drinking for liquor in any form," said Mr. Franco, "I am not a prohibitionist, although I might have been one had I not witnessed with my own eyes the conduct of the people who are now preaching the doctrine. For instance, I will give you one example. A man has been employed by the temperance association to give away tracts and expenses. He is a lawyer and lives in my town. I know him, and know him thoroughly. He is said to be the first man in Lincoln county, and also killed the first white man. For years he was a drunkard, about his family, chasing them out into the cold every night. He has been accused of a number of crimes, and was escorted out of a court room by the sheriff on the order of the court for being drunk. He has been a drunkard since he was a boy, and he is now one of the best men in the state. I simply can't see the lik that is working in this locality as reformed toughs and gamblers."

In Sylvan Grove the saloons have never been closed. In Lincoln, the county seat, the saloonkeepers have been run out. It was caused by the druggists, who sold such awful rotgut that men would get insane and stagger about the streets. The blame was always laid to the saloons, but since they have closed there is as much drunkenness as there was before.

"We have bootleggers and 'dead soldiers' all over the country. 'Dead soldiers' means a jar of whiskey. Each train brings in a number of 'dead soldiers'. The billiard parlors all sell very strong 'temperance' drinks."

"The fact of the matter is that the solid business men of the state are now convinced that prohibition has injured the interests of us farmers, and they are leaving the state as rapidly as they can get out. Without the farming and stock industries of Kansas the state would amount to nothing."

"The brewers and distillers are boycotting Kansas grain, and that is another severe blow to us. We must violate our manhood to secure liquor of a third rate grade and pay twice prices for it at that. In fact, we are paying out our money to build up Kansas City."

"But the prohibitionists are making a desperate fight. The suffragists talk it and the preachers preach it from the pulpit."

"How about politics in your locality?" asked the reporter.

"Well, I am quite positive the alliance will elicit everything."

"How is the alliance on prohibition?" "Perfectly silent."

Citizens of Omaha at home and abroad should remember that the remaining days of registration are Friday, October 31, and Saturday, November 1.

A Treat For Artists.

The varied beauty of the scenery along the majestic Hudson and through the lovely valleys of the Mohawk and the Genesee, touched by the soft autumnal tints, invests a journey by the New York Central with a peculiar charm to persons of artistic temperament.

Eight magnificently appointed passenger trains leave Buffalo daily for New York and Boston, making direct connection with the fast trains of the Lake Shore, Michigan Central and "Big Four" route.

Citizens of Omaha at home and abroad should remember that the remaining days of registration are Friday, October 31, and Saturday, November 1.

District Court.

Upon the calendar for this morning Judge Wakely will hand down decisions in the following cases tried at this term of the district court: Wines vs. Bowman, The Barrett manufacturing company vs. The Omaha granite roofing company, Wilson vs. Blake, Kennedy vs. The First Baptist church, Thoms vs. Ziemer, Gould vs. Denny, Kelek vs. Woodbridge, Taylor vs. Horton, McNamara vs. Edwards, Disbrow vs. Case and Kahn vs. Helman.

The case of P. J. Crodon against Frank Murphy was commenced in Judge Danes' court yesterday afternoon. Crodon is suing for the recovery of \$2,000 which he alleges was expended by him in preparing plans and specifications for a memorial furnished for Murphy's residence at Twenty-second street and St. Mary's avenue.

ANNOUNCEMENTS.

The advance sale for "An Irishman's Love" specialty company, which opens a four nights' engagement at the Grand on Sunday evening next, will commence this morning. It will prove to be one of the strongest and most picturesque Irish dramas ever seen in Omaha. Not the least among the company is L. M. Dot Clarendon, with her pleasing specialties.

Turkish Baths 75 Cents
At the nataratorium. Ladies and gentlemen.

HEISLEY'S JUSTICE.

Bread and Water Enter Largely Into the Doses.

Judge Heisley's "dander" yesterday when he looked over the grist that was gathered for his inspection. There were several faces that had been there frequently during the past few weeks and the complaints of the jailers to the effect that there was a good deal of trouble with the prisoners who were bent on making the city jail their home seemed to be based on facts. The jailers claimed that the fare and accommodations were altogether too good for these fellows and brought the court to listen to their harp.

His honor was impressed with the justice of the plea and did much the same to the great satisfaction of Jailor Bebout.

There were no more city jail sentences, as every one sentenced went over the hill and took a good long look at the inscription "By and By," which may readily be interpreted to mean "head and water."

"Topsy" Moran, the leader of a gang of young men who were given thirty days, one-third of which will be on limited diet. Fred Sly, another of the gang, was given ten days on bread and water.

John Doe, Boston Green, Henry Smith and J. W. Hall were each given similar doses. Hall is an ex-convict, who was sent to the penitentiary for highway robbery and was released about a year ago. Since that time he has served several jail sentences for larceny.

Smith is his partner and is a notorious "strong-arm" man, or sandbagger and thug. John Welsch, a vag, was given twenty minutes to get out of the city under a suspended thirty days' jail sentence.

Cook's Extra Dry Imperial Champagne is naturally favored by the city, as nothing in it but the juice of the grapes. Try it.

Citizens of Omaha at home and abroad should remember that the remaining days of registration are Friday, October 31, and Saturday, November 1.

Board of Public Works.

An interesting and important session of the board of public works yesterday afternoon. There was a grating contract and two sewer contracts to be let.

For grading Eighth street from Douglas to Dodge, McKim & Hall got the contract at 17 1/2 cents per yard.

The contract for constructing the sewer in district 13 was awarded to Frank L. Reeves & Co., and in district 15 to McGuckin & Dalry.

The following estimates were allowed: Fanning & Slavin, grading Seventh avenue from Williams to Pine street, \$88,131; district 26, 14, Chicago and Twenty-ninth streets, \$75,221; district 16, Hamilton, Pleasant and Thirty-sixth streets, \$49,231; district 13, Caldwell and Seventh streets, \$42,191; district 15, street from Center to Bancroft, \$30,510; Ed Phelan, grading Twenty-fourth street from Burr to Cuming, \$67,501; Pierce street from Twentieth to Twenty-seventh, \$24,401; Pleasant street from Farnam to Leavenworth, \$190,351; Samuel Katz, grading St. Mary's avenue from Twenty-sixth to Twenty-seventh street, \$18,701; Ed Phelan, grading Ames avenue from Thirtieth street to Florence avenue and Paxton avenue from Twenty-fourth to Thirtieth street, \$1,254,231; Hugh Murphy, grading Leavenworth street from Thirtieth to Sherman avenue, \$1,438,81; the Barber asphalt company, paving Binney street from Sherman avenue to Twenty-fifth street, \$15,473,31; Twenty-ninth avenue from Leavenworth to Half Howard street, \$10,551,21; Woolworth avenue from Twenty-ninth street to Twenty-fifth street, \$3,651,57; Hickory street from Twenty-ninth street to Twenty-fifth avenue, \$2,516,71; Twenty-third street from Capitol avenue to north line of the alley south of Burr street, \$12,300,80; Thirty-first street, from Poppleton avenue to Pacific street, \$1,422,301; Thirtieth avenue, from Poppleton street to Mission street, \$1,422,301; street from Twenty-ninth avenue to Thirty-second street, \$7,052,371; Hugh Murphy, paving Locust street from Thirtieth to Sherman avenue, \$3,850,401; J. B. Smith & Co., paving Twenty-second street from California street to Cuming, \$3,850,201; Lake street from Fourth to Mission street, \$1,422,301; street from Jackson to Jones, \$310,701; Charles E. Fanning & Co., extension of North Omaha sewer from Twenty-fifth and Kinsdale street to Cameron street, \$7,544,21; J. O. Corby, repairs on catch basins, \$331,81; F. L. Reeves & Co., sewer on Thirtieth street from Burr to Weicher, \$1,131,01; L. H. Towner & Co., curbing Thirty-third street from Poppleton avenue to Pacific street, \$798,51.

For repaving pavement on Leavenworth street east of Thirty-fifth, the work was estimated by the street commissioner, and the amount, \$14, charged up against the reserve of McHugh & McGuckin, the original contractors, who refused to make the repairs.

The sidewalk estimate due Ed Burns for the month ending September 15 was allowed. Previous meeting this estimate was held out on Burns because he had not the walks according to contract. Since then he has gone over the work, made the changes and now gets his money.

Through coaches—Pullman palace sleepers, dining cars, free reclining chairs cars to Chicago and intervening points via the great Rock Island route. Ticket office 1062, Sixteenth and Farnam.

Army Notes.

Private Stoddard, acting hospital steward on duty at Fort Lincoln, has been transferred to Fort D. A. Russell, in the department of the Platte, and another acting hospital steward will shortly arrive at Fort Omaha for duty at that post.

Sergeant Liehman, Company I, Seventh infantry, attached to Company A, Seventh infantry, at Camp Pilot Butte, has been ordered to Harpersburg, Pa., for duty on recruiting service.

Sergeant Chretien, Company I, Seventeenth infantry, attached to Company C of the same regiment, at Fort D. A. Russell, has been ordered to proceed to Detroit, Mich., for duty on recruiting service. The details of the extra non-commissioned officers of Companies I and K, who are attached to other companies until vacancies occur, is considered a very good move on the part of the war department and will be appreciated by those detailed.

During the month of September enlisted men belonging to regiments serving in the Department of the Platte, applied for their discharges and received furloughs for one to three months duration. The other six were discharged without furloughs.

General Brooke, accompanied by Lieutenant Roe A. D. C., left yesterday to meet General Brooke at Arlington, N. D., for consultation on affairs pertaining to the military department commanded by General Brooke. Advance Sergeant Martin, stationed at Fort Du Chateau, has been granted a furlough until April 15, 1891.

First Lieutenant Abernethy, at Fort Omaha, has been granted a sick leave for two months, with permission to apply for four months extension.

S. A. Orphaned.
Carpet, furniture and drapery.

Mr. Webster's Dates.

Ron, John L. Webster is announced to speak on the prohibition question at Omaha Saturday evening.

At West Point next Monday he will make a political address; also

At Blair Tuesday evening.

At South Sioux City Wednesday evening of next week.

At Nebraska City Monday, November 3.

The Accounts are Correct.

Dr. W. O. Rodgers of this city, a prominent member of the Modern Woodmen of America, against the head office of which so much has been telegraphed from Chicago, charging him with crookedness in his accounts, received a telegram yesterday morning as follows:

George L. Marchand, Illinois, public auditor and accountant, yesterday finished examination of the account book of the Modern Woodmen of America, in the city of Chicago, and found the accounts correct, with no shortage or errors. They agree with the books of the secretary and the financial statement of the Modern Woodmen of America, and the charges of the removed office of P. L. McKim, have been false and untrue.

This is a matter of considerable interest to members of the order in this city, as the charges of crookedness have been freely made by McKim and circulated through the Press associations.

Citizens of Omaha at home and abroad should remember that the remaining days of registration are Friday, October 31, and Saturday, November 1.

The Telegraph War.

There is no change in the situation in telegraphic circles.

The operators who were discharged by the Western Union on account of their brotherhood proclivities have all gone to work either for the postal or the railroad companies.

The force of the Western Union has been reduced by the discharge of brotherhood men to the lowest point possible without doing great damage to the service and no further dismissals are expected by the operators for the present at least.

The grievances of the brotherhood are being considered by the executive council of the brotherhood and no further action will be taken until that body reaches a decision.

A meeting of the operators of the city will be held at Gedrich's hall Sunday to consider matters pertaining to the trouble.

Citizens of Omaha at home and abroad should remember that the remaining days of registration are Friday, October 31, and Saturday, November 1.

Denver is to have a new union depot.

EUROPE IN ADVANCE OF AMERICA.

Nothing is more marked than the great advance of Europe of America in the treatment of Throat, Lung and Catarrhal diseases. Many have inquired the reason, but the secret is due to the fact that in Europe they employ Nature's remedies and not prepared preparations. It is this which has made so many of their springs notorious. I trace like Soden are thronged with visitors, but all cannot go to these desirable places, and those who cannot, but who are suffering from Throat and Lung diseases, carry the spring around with them in their vest pocket in the shape of little troches. The Soden Mineral Pastilles are unhesitatingly recommended by Sir Morell Mackenzie, Dr. Koch and other famous medical physicians. These will cure when other remedies fail.

Obtain only the genuine imported article, which must have the signature and recommendation of Sir Morell Mackenzie with each box. None other are genuine.

Drs. Betts & Betts

Physicians, Surgeons and Specialists.

1409 DOUGLAS STREET

OMAHA, NEB.

The most widely and favorably known specialists in the United States. Their long experience, remarkable skill and universal success in the treatment of all diseases of the Throat, Lung and Catarrhal diseases, enable them to afford relief to the afflicted everywhere. They guarantee a certain and positive cure for all diseases of the Throat, Lung and Catarrhal diseases, including Chronic Catarrh of the Throat, Chronic Catarrh of the Larynx, Chronic Catarrh of the Trachea, Chronic Catarrh of the Bronchi, Chronic Catarrh of the Pleura, Chronic Catarrh of the Pericardium, Chronic Catarrh of the Endocardium, Chronic Catarrh of the Myocardium, Chronic Catarrh of
